

## Definition of the World Federation of KOWAT ALRAMI & Self Defence - W.F.K.A.

KOWAT ALRAMI World Federation -WFKA are joining its efficacy. We organize amateur fights in the following styles: FORMS, WEAPONS, SELF DEFENSE, LIGHT KOWAT CONTACT, for under 18 years old , FULL KOWAT CONTACT, for the Above of 18 years old Female & Male. Our World Administration of 11 persons, and the way we take decisions for the best of the sport, makes us a deeply organized and democratic World Association. No commitment required for the members cooperating with other World bodies.

Every year W.F.K.A. organizes high level World, Intercontinental, European and Asian, African, and Arab Championships with participation of Many countries and athletes, as well as World Cups and Open Tournaments. and Recognized from the Union of Arab National Olympic Committees - UANOC. and recognized in the Pan-Arab Sports Games. W.F.K.A. is interested in expanding its contacts globally with new worldwide partners. The only obligation of the representative is to participate with a team in the World and Continental Championships.

W.F.K.A. gives an exclusive opportunity to the representative to provide W.F.K.A. Black Belt and Trainer Certificates in his country. The Degrees Certificates for the representative. The Representative decides on the team that is going to participate in the World and Continental Championships and no other person can be accepted from the same country.

The professional Committee, which is World Federation of KOWAT ALRAMI, organizes a big number of fights throughout the world, and gives an opportunity to the athletes to be recognized. World Federation of KOWAT ALRAMI is a sport that combines martial arts and self-defense despite the difference, where the use of punching, kicking, holding, throwing to the ground, in one phrase it is the use of various techniques and martial arts in self-defense. The main objective is to prepare the players, coaches and referees with the full knowledge of martial arts through the training inspired by Martial Arts Heritage in a scientific & developed method. During local, and global championships and tournaments, appropriate scientific programs of this technique, together with the laws and regulations derived from the Sports culture are applied skillfully and international. In addition to, supervising the coaches training courses, and the regional tournaments by the Member States. With the aim to establishing & distributing this technique, and that is achieved by cooperation between relevant associations for the self-defense by the use of hands and legs, and other methods mentioned previously.

Through training and games to support the values, ethics, and sportsmanship within KOWAT ALRAMI methods of martial arts to distribute them between the Member States of the International Union for the Sports, also, to raise the technical level of all members. Moreover, the investment of these sports` activities in cooperation with all the branches of the Union in all the Member States and the unions, to give an honorable image & separate of Martial Arts, which we must together with our ethics and manners, which indicates the tolerant coexistence among the East and the West, all religions for the good of all mankind.

This cooperation with local, Arab, and international associations through sporting events that are based on the use of hands, legs, and throwing to the ground in the international sports competitions and matches.

It is worth mentioning that the World Federation of KOWAT ALRAMI combines in its special and general rules; two styles in training for athletes and coaches in tournaments and competitions. Fighting style in the streets` self-defense, which helps in courses and seminars for the police, the army, and public figures security.

As well as, through this method practical training is executed in how to use the sword, spears, in general on all traditional weapons.
